The performance in this material is the performance of various sectors of the S&P 500 and is not indicative of any specific investment. Past performance is no guarantee of future results.

The S&P 500 is a widely recognized unmanaged index of equity prices and are representative of a broader market and range of securities than is found in the Fund's portfolio. The Index returns do not reflect the deduction of expenses, which have been deducted from the Fund's returns. The Index return assumes reinvestment of all distributions and does not reflect the deduction of taxes and fees. Individuals cannot invest directly in the Index or the sectors of the Index referenced in this material, however, an individual can invest in exchange traded funds or other investment vehicles that attempt to track the performance of a benchmark index. Diversification does not assure profit or protect against loss in a declining market.

You should carefully consider the investment objectives, potential risks, management fees, and charges and expenses of the Funds before investing. The Funds' prospectus contains this and other information about the Funds, and should be read carefully before investing. You may obtain a current copy of the Funds' prospectus by calling 1-800-253-0412. Past performance is no guarantee of future results. The investment return and principal value of an investment in the Funds will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost.
